

ActivBoard 500 PRO System

INTERACTIVE WHITEBOARD

ActivBoard 500 Pro combines state-of-the-art, precision interactive whiteboard technology with the latest advancements in intuitive multi-touch capability. Pen and touch functionality promotes new, engaging, and interactive teaching and learning opportunities for all.

Why ActivBoard 500 Pro?

New and extended learning opportunities — Multiple pen and touch technology with Windows 7 functionality opens a new world of rich, open content and learning opportunities. The ActivBoard 500 Pro is designed to deliver a new generation of applications and emerging technologies.

Enhanced and engaging collaboration — ActivBoard 500 Pro's powerful multi-pen and multi-touch capabilities across the whole surface promote enhanced user collaboration and engagement.

A natural way of working — Teachers and learners will benefit from an intuitive and natural way of performing tasks with objects; modeled on real world behavior and gestures.

ActivClassroom integration — ActivBoard 500 Pro seamlessly integrates with the ActivClassroom and Promethean software. With ActivInspire Professional Edition, teachers can access a wealth of teaching resources for learners of all ages; such as, math tools, question manager, a comprehensive library of images, sounds, templates and gesture touch applications available on Promethean Planet. Bring Microsoft PowerPoint® to life with Promethean ActivOffice, by improving presentations and enhancing classroom discussion and interaction.

Supports inclusion:

Intuitive, interactive interface supports a wide range of learning types

Future proofed:

Rich, open platform supporting content and application innovation

Collaborative learning:

Multi-pen and multi-touch opens a world of collaborative learning opportunities

ActivBoard 500 PRO System

Key Features

Multi-user and multi-touch input (supports Windows 7 gesture standards) — Can accommodate multiple users engaged with a single task – an essential student skill for the future. Images can be easily moved, scaled and rotated with finger touch in conjunction with real life “pen” tasks such as writing and drawing.

Promethean Applications — **NoteBoard** and **TouchPad** multi-touch educational applications to bring lessons alive, offering a compelling, immersive digital experience.

Connectivity — Two USB ports make for easy connection of peripherals including printers, webcams and more.

All-in-one solution — ActivBoard 500 Pro System includes extreme-short throw or short-throw projector and the option of a fixed, adjustable or mobile stand.

The *ActivClassroom by Promethean* creates successful, 360-degree educational environments by connecting technology to human ingenuity, and teachers to their peers, to students, and to a whole new world of learning.
